

# Dindi DeAngelo, MPH

**Managing Partner**  
**Praxiom Risk Management, LLC**

Dindi DeAngelo has more than 15 years of broad-based experience in risk management, safety, business operations and is the co-founder of Praxiom Risk Management. Dindi provides risk management solutions for clients in a wide range of industries.

Dindi also serves as a managing partner and risk management consultant for The Integrita Group, LLC -- a high touch risk management consulting firm with a specialty in risk management support services for independent insurance agencies and PEOs. In this capacity, Dindi has successfully assisted organizations with a wide range of services including the development and implementation of mission critical risk management operations such as risk control servicing platforms, claims management, agency management systems, Risk Management Information Systems (RMIS), and Client Relationship Management (CRM) systems. In addition, she has assisted national account level organizations in the design and implementation of leadership, cultural and change initiatives.

Prior to founding Praxiom and The Integrita Group, Dindi was the Director of Risk Management Consulting Solutions for Advantec. In that role, she was responsible for management of all field consulting services and risk management product development for over 550 Advantec clients. Dindi also served as the Sr. Risk Manager at Inprimis, Inc., a publicly held company specializing in high-tech manufacturing and data communications software design. During her tenure, she implemented a comprehensive environmental, health and safety program that reduced workers' compensation losses by 87%. As a result, she was recognized by The National Safety Council and was awarded the Hartford Insurance Group's Pewter Stag Award for distinguished achievement in Accident Prevention. She also oversaw the company's insurance program and led and coordinated cross-functional teams to develop company-wide disaster preparedness and recovery plans. Dindi also worked for Columbia Healthcare Corporation/HCA as a Risk Management Assistant at University Hospital. Her duties included assisting with medical malpractice liability claims and litigation, maintaining the hospital's incident management system, and maintaining facility wide environmental monitoring, hazardous waste, safety and disaster preparedness and recovery programs.

Dindi received her bachelor's degree in Biological and Biomedical Science from Barry University and her Masters of Public Health degree in Environmental and Occupational Health from Florida International University. Dindi is also fluent in Spanish and is a certified Maxwell Leadership facilitator. Dindi resides in Florida with her husband Joe.
